

Find a lower, regular advertised price for an identical item, and we'll not only match it, we'll take off an extra 10%.

PRICE MATCH GUARANTEE: CONDITIONS

Find

If you have indeed found a lower price, to benefit from the Price Match Guarantee you have to submit a claim form or send us an email.

a lower, regular advertised price

The competitor's price must be the regular list price and be published online for easy verification.

for an identical item

The comparison item must be identical in all aspects including but not limited to:

- size and thickness
- base material (e.g. iron vs. brass)
- manufacturing process (e.g. cast vs. die struck)
- decorating method (e.g. pad print vs. silk screen)
- components and add-ons
- country of origin

and we'll not only match it

Extra charges such as dies and set ups are amortized across the requested quantity.

e.g.: The competition offers lapel pins as follows:

500 units @ \$1.00 (A) . Die charge is \$90 (C) and set up is \$20 (C)

500 units @ \$0.50 net + \$54 net(die charge) + \$12 net (set up)
= $\$0.50 + ((\$54 + \$12) \div 500)$
= \$0.63 comparison price

we'll beat it by 10%.

Using the above example, if all criteria have been met the price is now **\$0.63 less 10% or \$0.567**.
